The request filed on March 29, 2005 for a Request for Continued Examination (RCE) under 37 CFR 1.53(d) based on parent Application No. 10/659,828 is acceptable and a RCE has been established. An action on the RCE follows.

### ***Allowable Subject Matter***

Claims 47-67 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the combined claims define over the prior art. The cited prior art does not disclose or suggest a semiconductor device inter alia the limitations "...a semiconductor die comprising a face and a plurality of die contacts on the face in a pattern; a redistribution circuit on the face comprising: a plurality of conductors in electrical communication with the die contacts configured to redistribute the pattern of the die contacts; a plurality of first contacts in electrical communication with the conductors configured for flip chip mounting the component to a supporting substrate; a plurality of second contacts in electrical communication with the conductors configured for electrical contact by a test probe. ...."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
